

Room-by-room guide for Ontario homeowners

Spring cleaning checklist

Check exterior caulking for frost damage

GTA winters crack silicone caulk around windows and doors.

Replace furnace filter

Do this before turning off the heat for spring.

Kitchen: pull out fridge, vacuum coils

Clean behind and beneath stove as well.

Kitchen: clean cabinet interiors

Discard expired pantry items, wash organizers.

Bathrooms: descale showerhead

Vinegar soak 30 minutes. Check caulking for mould.

Bedrooms: rotate or flip mattress

Wash all bedding including duvet covers.

Bedrooms: clean ceiling fan blades

Wipe before first spring use to avoid dust dispersal.

Living areas: shampoo rugs

Or book professional rug cleaning.

Clean baseboards throughout home

Wipe down walls and light switches.

Windows: clean interior and exterior

Wash window tracks, reinstall screens.

Entryway: treat salt staining on floors

Wash or replace entry mat.

Exterior: sweep walkway and driveway

Rinse salt residue from concrete and pavers.

Exterior: clean patio furniture

Wipe down before setting out for season.
