

Down Comforter Cleaning Checklist

CleanMol - GTA Home Care Guide 2026

Before You Wash

1 Read the care label

Confirm it is machine washable, not dry clean only.

2 Check the shell

Patch any open seams or holes so down cannot escape.

3 Spot treat stains

Dab mild detergent gently with your fingers, no stiff brush.

4 Check the drum size

The comforter must move freely, or use a larger machine.

Wash and Dry

1 Wash alone on gentle

Small amount of mild detergent, warm or cool water.

2 Run a second rinse

Rinse until the water runs clear of suds.

3 Dry low and slow

Add dryer balls and pause to fluff every 30 to 45 minutes.

4 Confirm bone dry

Feel the corners and centre before putting it back on the bed.
